Heather Medina-Sauceda NRCS		

SCRIBE

Notes were taken by: Arlyse DeLoyola

Council Chair Reid began the meeting with condolences to Rhett Nelsen on the loss of his father, Keith Nelsen, former member of the Council and District.

- **Minutes:** The minutes of the August 25,2022 meeting were presented to the council for review.
 - Bob Schmidt made a motion to approve the minutes with a correction. He
 asked that the record be amended to show he was not in attendance due to
 connectivity issues on ZOOM.
 - o Bob Webb seconded that motion.
 - The motion carried without dissent.
 - **Financials**: The Financial Reports for August 2022 and July 1, 2022 August 31, 2022, were presented to the Council for review.
 - o Bob Schmidt made a motion to accept the financial reports.
 - Carol Crawford seconded that motion.
 - o Discussion was held.
 - The motion carried without dissent.

OLD BUSINESS

- Strategic Planning Update
 - Kevin reported that he had spoken with Rob Hamilton and expected a draft by October 17th and a final by the 24th. There will be a meeting of the committee Monday the 26th at 10:00 and another October 24th. Bob Schmidt was recognized and presented a "minority report" from the committee with his suggestions on how to proceed with the Strategic

Planning, including hiring a facilitator to assist over a weekend. He questioned the necessity of spending so much money on a strategic plan. Discussion was held and no further action taken, as the committee has not determined the best course of action.

Cardinal Services Review

O Arin Carmack, Cardinal Business Services CEO, presented two options that could be alternatives to our current Co-Employment contract. A brief question and answer session was held. No action was taken, but Arin was asked to provide a side-byside cost/benefit comparison for a future meeting. He was thanked for his presentation.

Council Vacancy

The vacancy on the Council was discussed. Kevin will approach Mayor Martell to see if there is interest from staff or City Council in joining us. Gene Merrill noted that the High School now has an AG Teacher again and perhaps that would be an appropriate person to join the council.

NEW BUSINESS

Retirement Plan Discussion

 Arlyse reminded the Council that a few years ago a law had passed requiring businesses of all sizes to offer some form of retirement plan. She noted that initially all staff had waived their rights, but at this time, Kevin would like to begin one. The District plan was reviewed, but no action was taken.

Meeting Notes Substitute

 Kevin asked the Council to designate a substitute note-taker for meetings for when Arlyse is unable to attend. Patty Downing volunteered.

• Update on Water League

- Kevin and John updated the Council on their recent meeting with members of The Water league. They reported it was a very good meeting. Mention was made of an email from the league inviting cooperation on a clean-up activity slated for November. Discussion was held.
- A motion was made by Rhett Nelsen to share the event on our Facebook page and possibly the website.
- o The motion was seconded by Janice Denney
- o The motion passed with one nay and one abstention.

Degraded Lands Restoration

O Patty Downing explained that she had asked that the document and links be included in the packet as information addressing regeneration, preservation and sustaining our planet. She added that we need to be proactive in helping our community in regenerative processes.

Other Business

 Bob Schmidt asked the Council to address his alternative plan for Strategic planning. Discussion ensued and no action was taken.

CONTINUING

• Staff and partnering agency reports were presented to the board:

- Kevin reviewed his report. He added that he and John had met with Joseph Flaherty regarding creating a pollinator garden at the site of the old city swimming pool. Discussion was held and no action was taken.
- Arlyse reviewed her report.

NEXT MEETING

The next meeting is to be held on October 27, 2022 directly following the via ZOOM. Details will be in your packets.	IVSWCD meeting at the office and

October, 2022 Staff Report of the IVWC Watershed Coordinator

<u>Onboarding:</u> We have continued to bring John along and up to speed on all things IVSWCD. John has already established himself as a willing, energetic, and loyal teammate. To this point he's had the opportunity to develop his supervisory, planning, organization, project management (from initial development to implementation but not quite everything in between), and networking skills. I'm sure he could easily add to that list. He's currently gaining very valuable grant writing experience. There's still a lot of ground to cover together with him on some very key programs and projects, but we are making solid progress and I'm glad to report I'm estimating I will be able to fall back into primarily a support role by year's end. He does not have a simple job and it will take time for him to have his legs fully under him, but he's doing very well. John leads by example. We will be putting together a training plan together for John

<u>Crooks Creek Project:</u> Mike Villars – our contractor's employee who was severely injured in a vehicle accident this past August – is doing very well with his physical rehabilitation from his injuries according to our contractor for the project in a conversation with the contractor on Tuesday, 18Oct22. I report that because several of you have asked me about Mike's condition and recovery as well as to report that with that news everything is solidly back on the rails for a June 15, 2023 implementation start date.

We have started working on putting together a significant ask to OWEB's Restoration Program to leverage against what we've already secured for the project (\$90K). Funds secured will cover the private lands included in the project, but will not be enough to be able to even start on the portions of the project that are on public lands managed by BLM upstream of the private pieces. I'm anticipating about a \$115-125/130K ask. If we were to be awarded it, all the sites on the big Crooks Creek map on the wall near my work station. That grant is also due on 31Oct2022.

Strategic Planning Project: The committee met on 10Oct2022 and came to consensus on recommending outside sourcing for process facilitation and drafting a strategic plan for the WC. We are awaiting potential contractor Rob Hambleton's proposal to review. Rob informed me he's a little behind after being sick and plans to get his draft proposal to us by this Friday (21Oct2022). The committee meets this coming Monday (24Oct2022) and will hopefully be able to review Rob's proposal and be able to come prepared to our board meeting next week with some good advances to report and potentially discuss and act on.

Restoration Partnership with Josephine County: We have been busy enough in the current grant writing season to have allowed Commissioner Fowler's request to indefinitely postpone our preliminary meetings somewhat indefinitely due to his schedule changing. We will be refocusing on this next month, likely with a mindset of asking Comm. Fowler to help us pivot to whoever will be responsible for all-things-IV as part of their responsibilities. We don't know if whoever serves us out here in the Valley will be one of the two Commissioners continuing, or Fowler's replacement. Stay tuned.

Forest Service Projects (Page Creek): We will be modifying our FS agreement again soon, this time to add an additional \$8K to manage some stream habitat assessment work going forward. That was an unexpected and most welcome piece of information. I'm so glad we've got the level of partnership relationship we do with the FS here locally.

Water Quality Monitoring Program: We have been scrambling to get our initial implementation yet this month in order on the heels of being awarded ODA funding to stand the program up, albeit only through next June (June, 2023). Very excited about it and very grateful that Bill Joerger remains very engaged with us as we set it up. Next steps not only include expanding our sampling right away, but also to modify the Sampling Analysis Plan (already!) that was actually signed into place as we were applying to ODA for the special support grant.

<u>Stakeholder Engagement Project:</u> I continue to participate in the cohort meetings and provide input and other support as the project grows. I'm looking forward to beginning to collaborate for the message development and delivery so we can grow our private lands restoration program.

Respectfully submitted,

Kevin O'Brien, Watershed Coordinator
